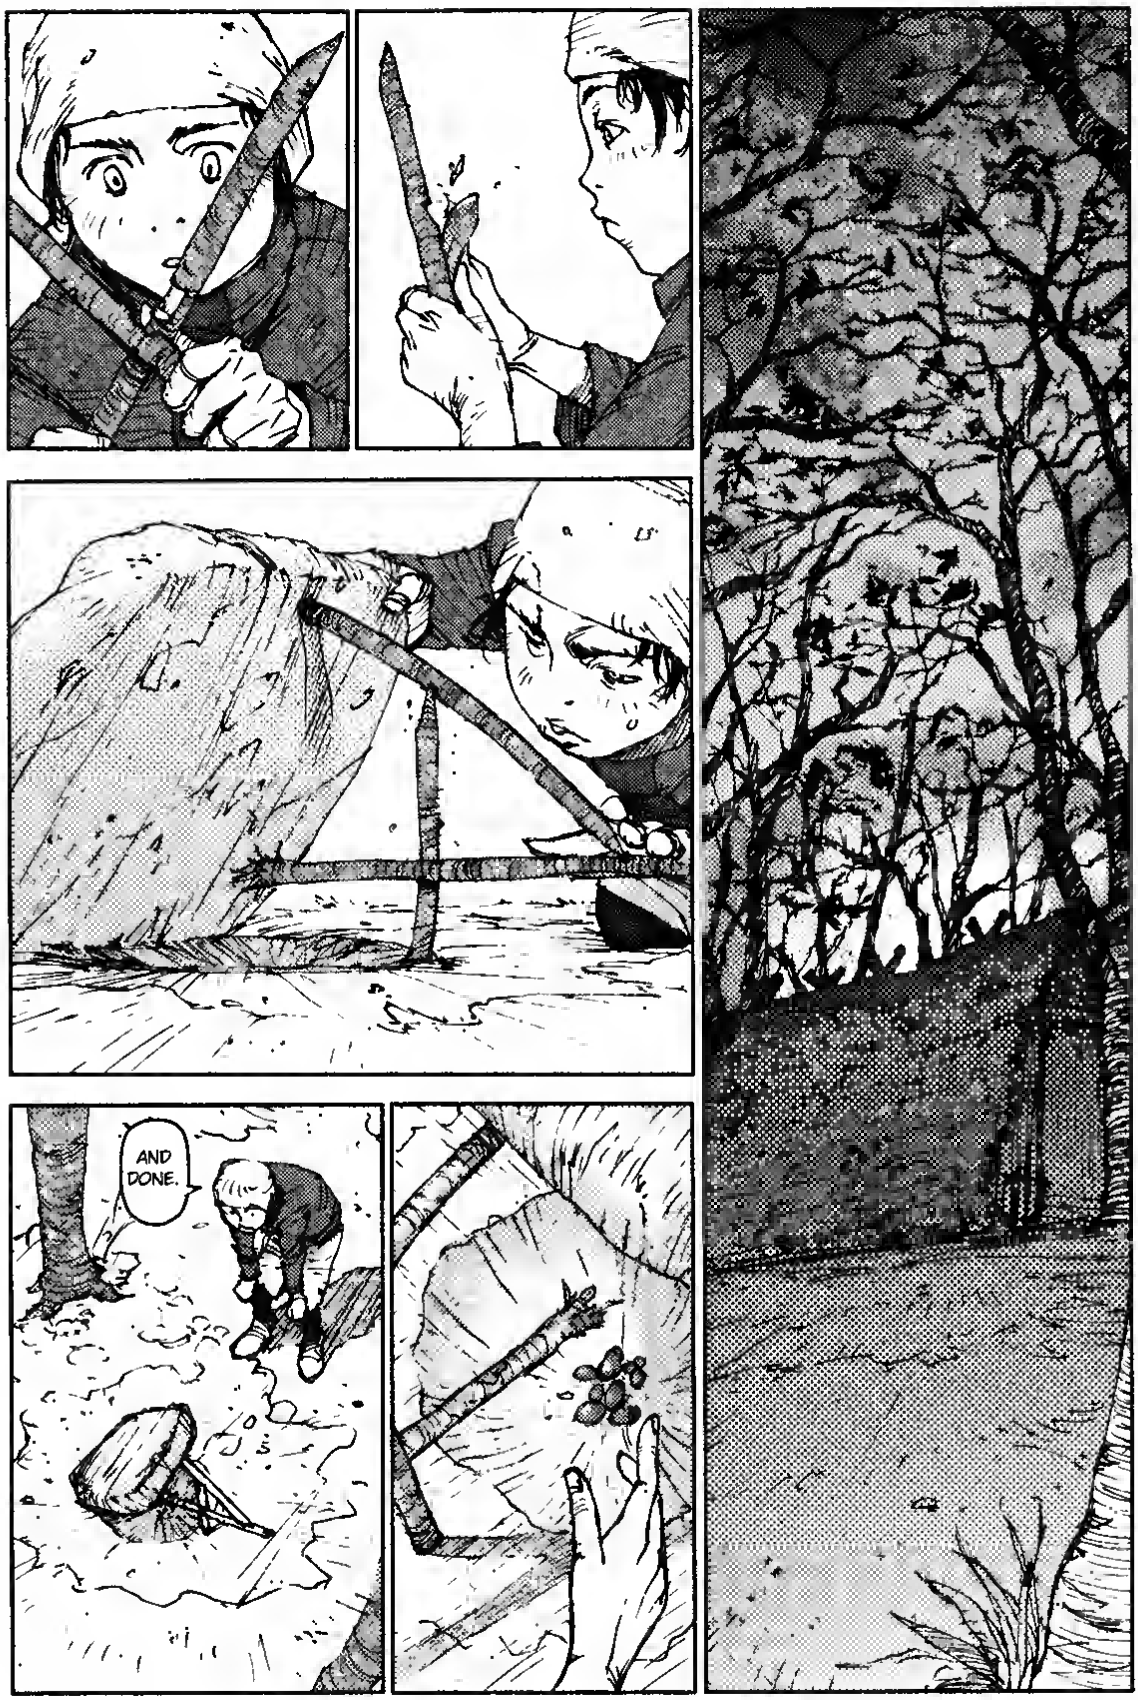
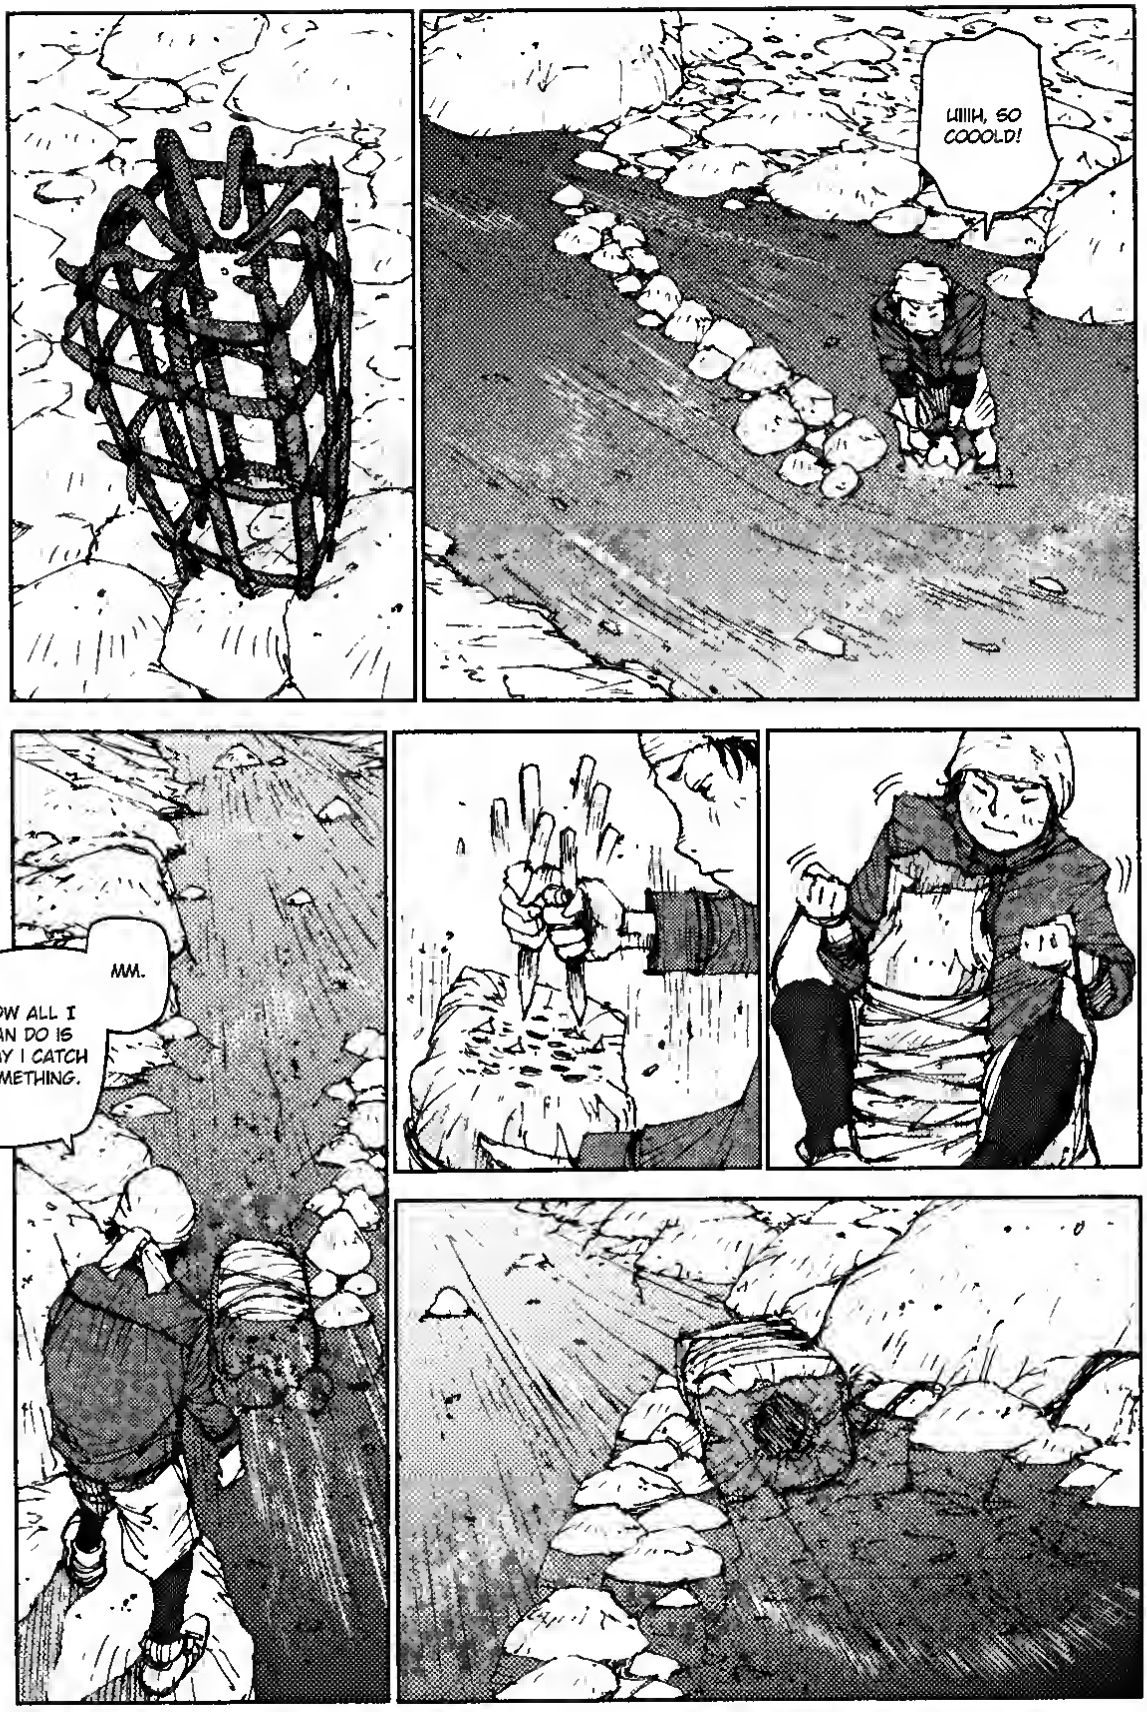
DANGER 30

ALONGSIDE FOOD AND WATER, SOME SORT OF DWELLING IS A NECESSITY FOR SURVIVAL.
A DWELLING PROTECTS ONE FROM EXTERNAL WORRIES, SUCH AS THE WIND, RAIN AND STRONG SUNLIGHT. INDEED THEY FORM AN INDISPENSABLE PART IN PRESERVING ONE'S STAMINA.
HIS NEW HOME WAS MUCH MORE CRAMPED THAN HIS CAVE DWELLING.
MMM... I FEEL A LIL' CALMER...
YOU DEFINITELY HAVE TO HAVE SOMEWHERE TO LIVE...
FUFU-FU...
IT HAD BEEN A LONG TIME SINCE THE BOY HAD SPENT A NIGHT WITH-OUT BEING TROUBLED BY THE RATS.

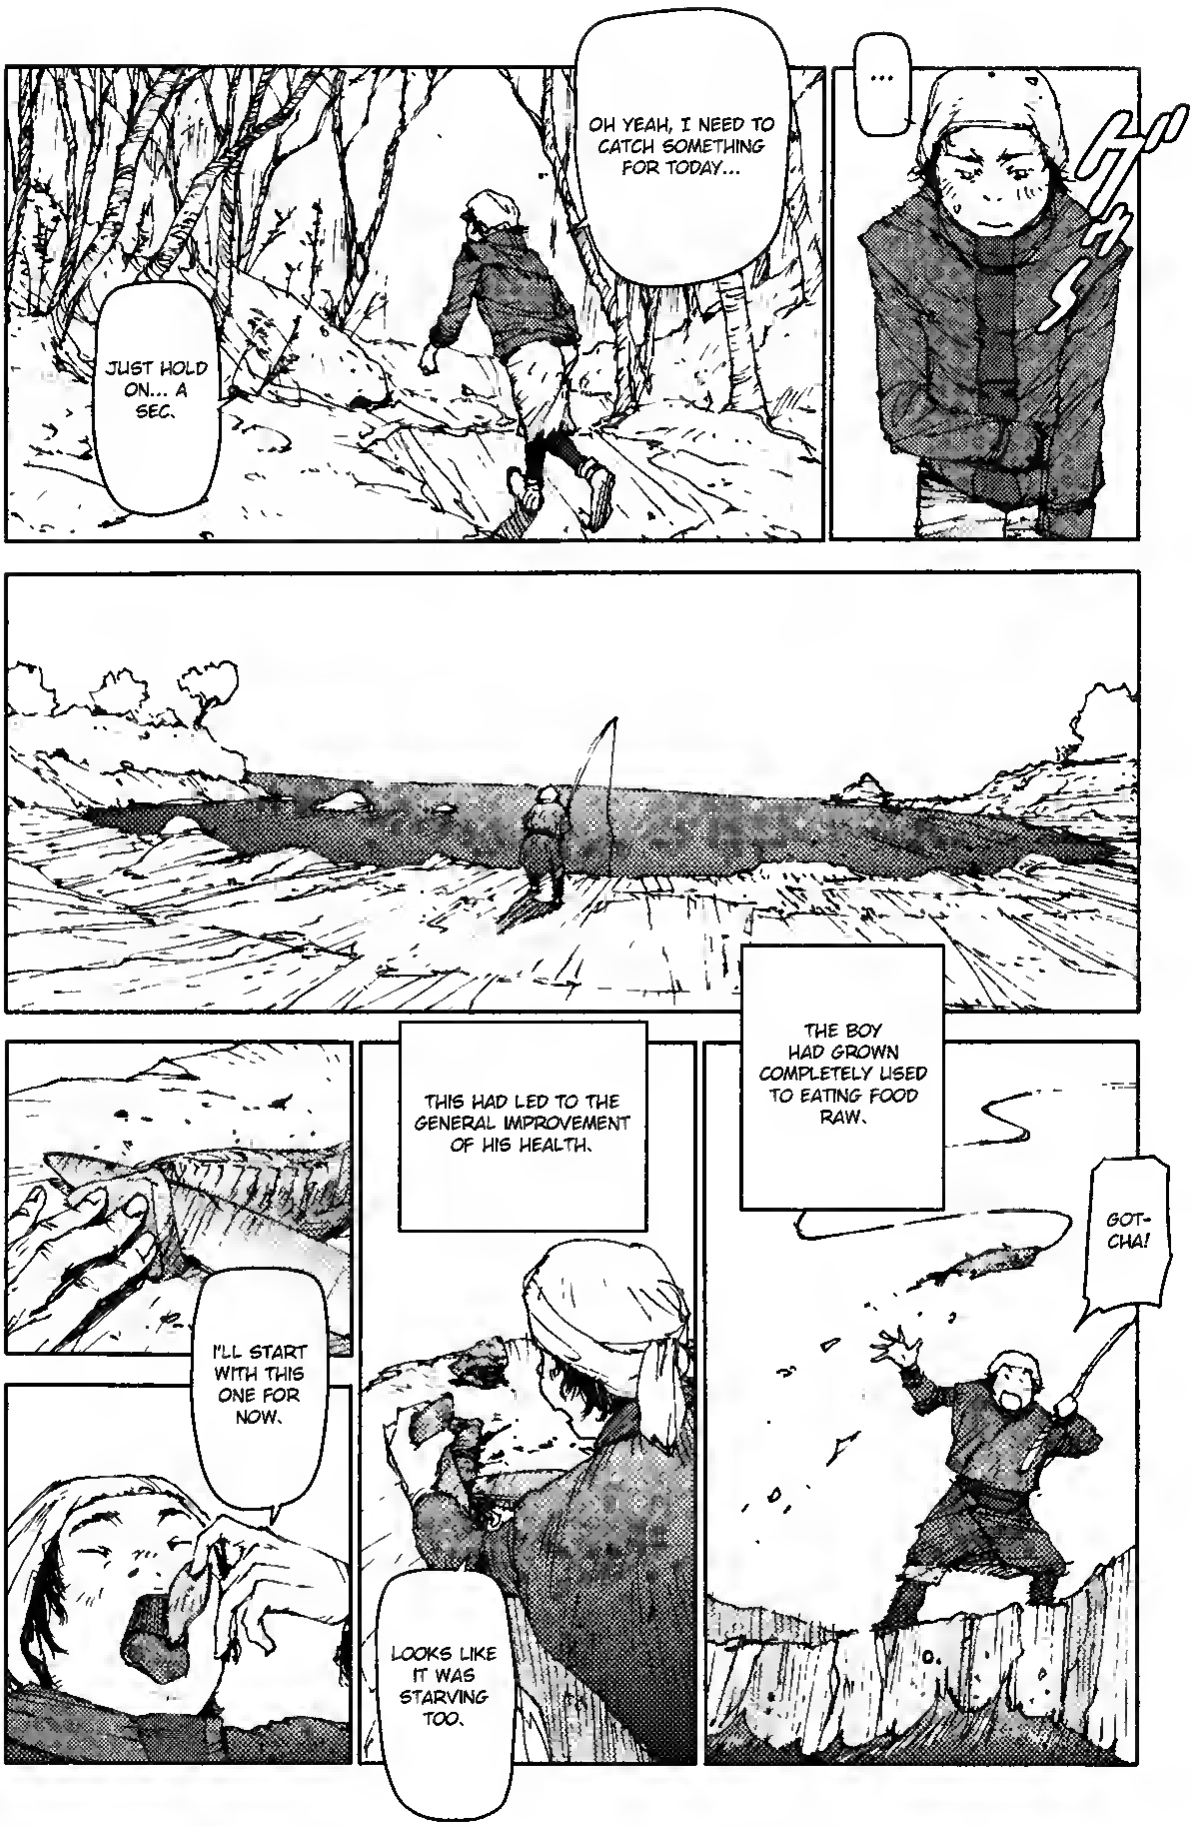
AS IS, I WON'T BE ABLE TO STORE FOOD FOR LONG...
PLUS I'LL NEED TO WORK ON A TOILET SHED AND THE LIKE...
EVEN SO, I'VE STILL GOT A LOT OF BITS I'LL NEED TO REINFORCE HERE...
HMMM, A BIRD TRAP EH...
I SHOULD TRY MAKING SOME OF THE NEW TRAPS IN THIS.
THE BOY FELT HAPPY, AND A SENSE OF ACCOMPLISH-MENT, AT HAVING CONSTRUCTED THINGS HIMSELF.
HE FOUND HIMSELF QUITE PROUD OF THE FACT, AND HIS SPIRITS ROSE CONSIDERABLY.
AH, RIGHT! I HAD SOME SUCCESS WITH MY BAG TRAP BEFORE, I'LL TRY AND GIVE A FEW MORE THINGS A GO.



AND DONE.



UHHH, SO COOOLD!
MM.
NOW ALL I CAN DO IS PRAY I CATCH SOMETHING.



JUST HOLD ON... A SEC.
OH YEAH, I NEED TO CATCH SOMETHING FOR TODAY...
...
GASP
THE BOY HAD GROWN COMPLETELY USED TO EATING FOOD RAW.
GOT-CHA!
THIS HAD LED TO THE GENERAL IMPROVEMENT OF HIS HEALTH.
I'LL START WITH THIS ONE FOR NOW.
LOOKS LIKE IT WAS STARVING TOO.

WHEN IN SUCH ENVIRONMENTS, WITHOUT FRUITS AND VEGETABLES...
EATING RAW FISH OR RAW MEAT CAN PROVE AN EFFECTIVE SOURCE OF VITAMINS.
THE JAPANESE CUSTOM OF EATING RAW FISH AND MEAT COULD WELL BE SAID TO HAVE BEEN A BLESSING FOR THE BOY.
DURING THE AGE OF DISCOVERY, MANY CREW MEMBERS ON SHIPS THROUGHOUT THE WORLD WOULD SUFFER FROM SCURVY, WITH AROUND HALF DYING TO IT.
ON LONG VOYAGES THE CREW MEMBERS WOULD CONSUME LITTLE TO NO FRUIT OR VEGETABLES. SUCH A LIMITED DIET MEANT A LACK OF VITAMINS, WHICH LED IN TURN TO SCURVY.

IT'S DIFFER-ENT...
IT'S DIFFER-ENT...
THIS SOUND
?!
IT'S DIFFERENT, THIS SOUND!
IT'S DIFFER-ENT!
IT'S NOT JUST THE WIND, IS IT?!

IT'S A PLANE?!
IT...
